

Bioinformatics Conferences, Meetings and Workshops

Critical Assessment of Microarray Data Analysis
Durham, North Carolina
Fall/Winter 2003

<http://www.camda.duke.edu/>

Registration: To be announced

Bioinformatics Technology Conference
Practical Innovation at BioCon 2003
Westin Horton Plaza
San Diego, CA
February 3-6, 2003

<http://conferences.oreilly.com/bio2003/>

Registration: December 16th, 2002

IEEE Computer Society Bioinformatics Conference
Sponsored by the IEEE Computer Society
Stanford University, Palo Alto, CA
August 11-14, 2003

<http://conferences.computer.org/bioinformatics/index.html>

Registration: starts in April 2003

AAAS Annual Meeting
Microarray and Functional Genomics Seminar
sponsored by MGED
Denver Marriott City Center
Denver, Colorado
February 14-16, 2003

http://www.aaas.org/meetings/MPE_09.shtml

Registration deadline: January 10th, 2003

Microarray Gene Expression Database (MGED) Meeting
Aix-En-Provence, France.
September 2003

<http://www.mged.org/Meetings/meetings.html>

Registration: To be announced

14th International Genome Sequencing and Analysis Conference
Organized by TIGR
Savannah, Georgia
September 21 – 24, 2003

<http://www.tigr.org/conf/gsac/>

Registration: To be announced

Beyond Genome
Bioinformatics and Genome Research
Organized by Cambridge Healthtech Institute
San Diego Concourse
San Diego, California

June 16-17, 2003
Systems Biology: Pathways to Drug Development
June 18-19, 2003
<http://www.beyondgenome.com/>
Registration: Early Rate until February 17, 2003

3rd Annual Microarray Data Analysis
Organized by Cambridge Healthtech Institute
Wyndham Baltimore Inner Harbor
Baltimore, Maryland
September 21-23, 2003, Baltimore, Maryland
2nd Annual Data Visualization and Interpretation
September 24-25, 2003, Baltimore, Maryland
<http://www.healthtech.com/fall.asp>
Registration: To be announced

Intelligent Systems for Molecular Biology
Organized by The International Society for Computational Biology
Brisbane Conference and Exhibition Centre
Brisbane, Australia
June 29 to July 3, 2003
<http://www.iscb.org/ismb2003/index.shtml>
Registration: Will be open March 3, 2003

Bioinformatics and Data Intergration
Organized by Barnett Internation
Towards early March in Philadelphia, PA
http://www.barnettinternational.com/con_schedule.asp
Registration: To be announced

Pacific Symposium on Biocomputing
Coordinated by Stanford University Medical Informatics
Kauai Marriott,
Lihue, Hawaii
January 3-7, 2003
<http://psb.stanford.edu/>
Registration: Usually in July

Bioinformatics Methods and Techniques
Stanford University Center for Professional Development
Stanford University
Palo Alto, CA
June 23-25, 2003
<http://scpd.stanford.edu/scpd/courses/ProEd/bioinf/default.asp>
Registration: Early Registration (received with payment by 5/23/03)

Techniques in Bioinformatics and Comparative Genomics
and/or
Computational Approaches to Analyzing Gene Expression Data
Offered by the BioPharmaceutical Technology Center Institute (BTCI)
Madison, Wisconsin
Dates to be determined
<http://www.btc.org/courses/>
Registration: Admission to the course will be based upon receipt of an application form and instructors' review of the letters of interest, with enrollment limited to 16 participants. Applicants will be notified of their acceptance; after that, should there be openings, applications will be

accepted until the course is fully enrolled. Registration will be confirmed based on receipt of payment or guarantee of payment.

Bioinformatics

Date: February 17 - March 1, 2003

Place: Vancouver, British Columbia

Application deadline: December 6, 2002.

Bioinformatics

Date: May 26 - June 7, 2003

Place: Ottawa, Ontario

Application deadline: March 20, 2003.

Proteomics

Date: July 7 - 12, 2003

Place: Vancouver, British Columbia

Application deadline: May 16, 2003

Bioinformatics: Introduction to Programming

Date: June 16 - 28, 2003

Place: Vancouver, British Columbia

Application deadline: April 26, 2003

Genomics

Date: August 18 - 23, 2003

Place: Calgary, Alberta

Application deadline: June 20, 2003
